Subject: Drug Lab: Cw. v. [REDACTED]

Hi ADA Pell,

I am the custodial chemist for the above case. I maintained the chain of custody, prelim testing and net weight of the substance. Dan was the confirmatory chemist and analyzed the GC/MS data. He never sees or handles the evidence for this case.

We can not testify to the pharmacology or the effects of the drug on the human body. As for the weight, the custodial chemist is the only person that can testify to the weight.

Thanks.

Annie
